

DURALUX
RAILING

Vinyl • Low Maintenance

Innovative outdoor
solutions for your home.

DURALUX

BEAUTY AND SECURITY.

Railing for either your deck or porch can provide an extra measure of safety for you and your family, as well as enhancing your property!

Choosing the correct railing style to match your house or deck can be that last finishing touch that ties everything together.

With the Duralux Vinyl Railing System you have three options on top rails, and over ten baluster options. From classic traditional to modern and trendy.

The Duralux Vinyl Rail System is made with high quality vinyl materials that only needs minimum maintenance, and all Duralux products are backed with a lifetime warranty!

CUSTOM BENDING

We believe in thinking outside the box – or sometimes bending it. In our custom bending shop we can bend multiple types of materials including vinyl, pvc or composite, up to twelve feet long! Our innovative research and development team has developed standards and processes for each type of material. This ability allows us to give you the option of a custom curved railing, and fencing made exactly to your specifications!
